PARTNERS@Solberg – Solberg Airport Defense Fund

BRIDGEWATER, NJ – In an effort to address requests to help to stop the condemnation of Solberg Airport, PARTNERS@Solberg established a defense fund in 2006 so residents, businesses and citizens from across the country who are opposed to the use of eminent domain and the taking of privately owned property can contribute toward the defense fees required to fight this hostile takeover.

The defense fees in this effort are substantial and all contributed funds will go directly towards defraying the costs of defending the lawsuits. Readington Township has deep pockets and is willing to tax the residents for the costs of pursuing the condemnation of the airport property and the purchase of the development rights for the runways and buildings.

Solberg Airport provides millions of dollars in economic benefits to the surrounding communities and area businesses. We need to protect these benefits and provide for modernization of the airport facilities. Please contribute what you can. Contributions should be made payable to PARTNERS@Solberg, c/o Solberg Airport Defense Fund, PO Box 6286, Bridgewater, NJ 08807-0286.

PARTNERS@Solberg (Pilots And Residents Together Negotiating Effective & Reasonable Solutions) is an organization whose members include residents, local business representatives and people from the general aviation community. PARTNERS' purpose is to provide information and to educate people about general aviation's benefits to the community. By communicating with citizens, general aviation pilots, and airport managers we hope to ensure the long-term economic success of general aviation airports that can be greatly enhanced with the support of the surrounding community.
